Best Practice Guidelines

Club/Group Ride/Training Session – on the public highway Best practice is;

- Have a predetermined start time and communicate the route to all participants.
- All participants should comply with the Highway Code.
- All adult participants are responsible for their own well-being during the ride and should be prepared for situations such as adverse weather conditions, mechanical problems and flat tyres.
- There is a greater duty of care for riders under the age of 18 years. Therefore, if there are riders aged 12 -18 years in the group, somebody will need to take responsibility for these riders and ensure they are not left on their own during the session.
- Have a signed parental consent form for all riders under the age of 18 years.
- All riders should be encouraged to take part in activities that are within their capabilities.
- All riders must wear a helmet.
